Dear Sir,

Candidate Sites Applications – Pontarddulais

I am attaching for your information a copy of the notes from a Public Meeting called by Pontarddulais Town Council on Friday 16th September 2011.

The general consensus was that Pontarddulais cannot sustain further large scale housing development. For example, the one surgery in the town finds itself at absolute capacity both in terms of space and clinical time; the deteriorating sewerage system is at capacity and cannot cope with any additional demand; the existing highway system and especially the one way system within the town is under extreme pressure from heavy goods vehicles and general traffic; the local schools are at full capacity and will not cope with any additional large scale development;

In conclusion, Pontarddulais's existing infrastructure cannot sustain the amount of large scale housing development from the proposed Candidate Sites and I trust this will be taken into consideration when the City and County of Swansea makes its decisions on these applications.

Yours faithfully,

Aneurin John
Clerk to the Council
